Advertised Average Check

Strategy	Top3Removed		AdvertisedAvgNet		AdvertisedAvgReturn		Pass	
nq_prior_opposed_full	2023, 2024, 2025		\$128,249		51.3%		yes	
mnq_prior_opposed	2021, 2024, 2025		\$13,323		26.6%		yes	
nq_ungated_intraday	2021, 2024, 2025		\$85,889		34.4%		yes	
mnq_ungated_intraday	2021, 2024, 2025		\$6,891		13.8%		yes	

Data Freshness Note

QQQ benchmark equity is reset to the full tier minimum on the first matched QQQ trading day inside each strategy's actual replay window, matching the fair-benchmark convention used by scripts/fair_benchmark_comparison.py. The NQ full-history raw run validates through early March 2026 because the daily regime and gate support files end there, even though the restored raw DBN extends later.
